The Story of the Cracked Pot

An elderly Chinese woman had two large pots, each hung on the ends of a pole which she carried across her neck.

One of the pots had a crack in it while the other pot was perfect and always delivered a full portion of water.

At the end of the long walks from the stream to the house, the cracked pot arrived only half full.

For a full two years this went on daily, with the woman bringing home only one and a half pots of water.

Of course, the perfect pot was proud of its accomplishments.

But the poor cracked pot was ashamed of its own imperfection, and miserable that it could only do half of what it had been made to do.

After two years of what it perceived to be bitter failure, it spoke to the woman one day by the stream.

'I am ashamed of myself, because this crack in my side causes water to leak out all the way back to your house.'

The old woman smiled, 'Did you notice that there are flowers on your side of the path, but not on the other pot's side?

'That's because I have always known about your flaw, so I planted flower seeds on your side of the path, and every day while we walk back, you water them.'

For two years I have been able to pick these beautiful flowers to decorate the table.

Without you being just the way you are, there would not be this beauty to grace the house.'

Each of us has our own unique flaw. But it's the cracks and flaws we each have that make our lives together so very interesting and rewarding.

You've just got to take each person for what they are and look for the good in them.

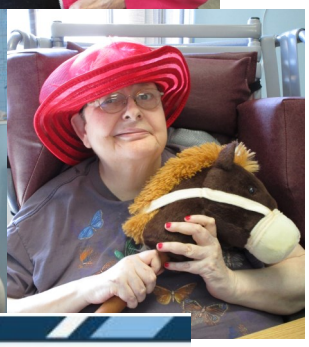
Never a dull moment at Maryhill . . .



Welcome to our new Admission/Marketing Coordinator

Please help us in welcoming Stacy Schinderle to the Maryhill Manor leadership team! As one of the newest members of the Maryhill Manor team, Stacy will be working to implement positive changes and strengthen our referral, admissions and marketing processes through the Admissions / Marketing Coordinator role. The Maryhill team is always focused on making the transition into ST Rehab or LT Care as smooth as possible and Stacy will play a significant role in making that happen!

When she's not focused on her career, she enjoys spending time with her friends and family, including her husband and three kids. She has two teenage boys and a daughter currently away at college. She and her family love to travel (visiting their daughter in Chicago is their favorite destination), camping, riding their side by side, downhill skiing and most recently have taken up snowshoeing! In addition, she loves watching her kids participate in various sporting activities. Stacy also enjoys going out to dinner; her favorite food is pizza.

Stacy's professional background encompasses several areas within a private healthcare organization over the past 21 years. She began her journey in healthcare working as an Executive Assistant to the CEO/Medical Director while assisting with the Marketing and then added the role of Receptionist. After 5 years, she was promoted to Medical Staff Coordinator which was a multi-faceted role but her primary responsibility was the credentialing for physicians and clinical staff at a Joint Commission accredited ambulatory surgery center. She was also responsible for developing and maintaining facility policies and procedures and Provider Enrollment with all the insurance companies. From there she added the role of Human Resources Coordinator and lastly took on the additional role of Marketing Coordinator where she designed ads, maintained the website, wrote articles as well as letters to referring physicians.
